“When I play sport, I feel great. It energizes me and makes me happy. I also feel relieved from day-to-day stress,” says Fatima, an 18-year-old girl from Balkh, northern Afghanistan, while playing basketball with a group of girls her age.

SDG SUMMIT 2023 | EVENING RECEPTION:

Poverty, inequality, education, health, gender, economic growth, climate action... why assistive technology is an enabler to reach the promise of the SDGs

📅 DATE & TIME:

Monday, 18 September 2023 | 6:30pm - 8:00pm (EDT)

📍 VENUE:

Church Center, 8th Floor, 777 First Avenue at 44th Street, New York, NY 10017 (opposite the United Nations Headquarters)

Hosted by:

Speakers and participants including high level representatives from USAID, the Permanent Mission of Antigua and Barbuda, the governments of Kenya and Senegal, UNICEF, IDA, ATscale and persons who use assistive technology, will share their experiences and provide insights into the **relevance of assistive technology for achieving the SDGs** and discuss **solutions to address the shocking inequity in access**.

An interactive panel discussion will be followed by drinks, light refreshments and networking.

This is an **in-person event** and places are limited.

Kindly confirm your attendance by **Sunday, 10 September** to Rebecca Hundevad, rhundevad@atscalepartnership.org

ATscale strives to host inclusive and accessible events that enable all participants to engage fully - including individuals with disabilities. Closed captioning and International sign language will be provided. For any accessibility provisions please inform Rebecca.
